

**DECLARATION  
FOR THE CHARACTERISTICS OF A CONSTRUCTION PRODUCT**

1. Unique identification code of the product type: *Annex 1 to Certificate of Conformity No. 14-HYPBCIIICPB-4086.*

2. National requirements (order of the Minister of Regional Development and Public Works, national regulation), technical specification (national standard, Bulgarian technical approval) applicable to the construction product: *Art. 14, para. 1 and para. 2 of Ordinance No. PD-02-20-1 of 05.02.2015 on the conditions and manner for input of construction products in the construction works of the Republic of Bulgaria.*

3. Intended use(s) of the construction product in accordance with the national requirements as intended by the manufacturer:

*THERMOSTATIC MIXING VALVES are intended to be integrated in internal building networks for clean water and household hot and cold water supply, with nominal pressure PN 10 bar, permissible temperature of up to 90°C.*

4. The products are under FAYANS brand, sold by (name and contact address of the authorized representative (where applicable)):

*ROCA BULGARIA AD  
9930 Kaspichan, 48 Madarski konnik Street  
UIC: 837066162*

5. Name of person for assessment of conformity with the national requirements (where applicable):

*BULGARKONTROLA AD – Sofia, with identification number 14 of the Register of the Ministry of Regional Development and Public works, PERMISSION No. POCCH-14/15.09.2016  
(certificate of conformity, protocols of research/calculations, whichever applicable)*

*Certificate of Conformity No. 14-HYPBCIIICPB-4086, issued on 23.04.2025 remaining valid for a period of 3 years, until 22.04.2028.*

## 6. Declared indicators of the construction product characteristics:

| Characteristics                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | Requirement to declare / border level                                                                               |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------|
| <b>Leaktightness</b> <ul style="list-style-type: none"> <li>- leaktightness of the thermostatic mixing valve and of the obturator under hydrostatic pressure upstream of the obturator with the obturator in the closed position</li> <li>- leaktightness of the obturator of the thermostatic mixing valve under hydrostatic pressure cross-flow with the obturator closed</li> <li>- leaktightness of the thermostatic mixing valve under hydrostatic pressure downstream of the obturator with the obturator open</li> <li>-</li> </ul> | No leakage during the test, according to BDS EN 1111, item 12.2.3, 12.3.3., 12.4.2.                                 |
| <b>Mechanical perform</b> <ul style="list-style-type: none"> <li>- mechanical performance of the thermostatic mixing valve under hydrostatic pressure upstream of the obturator with the obturator in the closed position</li> <li>- mechanical performance of the thermostatic mixing valve under hydrostatic pressure downstream of the obturator with the obturator in the open position</li> <li>-</li> </ul>                                                                                                                          | No permanent deformation in any part of the thermostatic mixing valve according to BDS EN 1111, item 14.3.2, 14.4.2 |
| <b>Hydraulic characteristics (flow rate)</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | 4÷12 l/ min for shauer according to BDS EN 1111, item 13.2.4, tabl. 9                                               |

*The Certificate referred to in i. 6 certifies that the product has been assessed and found to comply with the national requirements defined in **BIS EN 1111:2018** and Annex 3, i. 8.1. to i. 2 of Order No. ПД-02-14-1329 of 03.12.2015 of the Minister of Regional Development and Public Works.*

7. The characteristics of the construction product listed here, have indicators complying with the declared data according to i. 6.

Supplement №1  
to Certificate of Conformity № 14- HYPBCПCРБ-4086

## 1. Series, description, and art.

| Series    | Description                       | Art. №          |
|-----------|-----------------------------------|-----------------|
| CAMELIA-T | THERMOSTATIC SHOWER COLUMN-CH     | WQ3W33670041213 |
| CAMELIA-T | THERMOST.SHOWER COLUMN-MATT BLACK | WQ3W33670161213 |

This Declaration is issued at the sole responsibility of the authorized representative according to i. 4.

The declaration issued based on Certificate of Conformity No. 14-НУРВСТПСПБ-4083/23.04.2025 is valid until 22.04.2028.

Signed for and on behalf of the manufacturer (authorized representative):

*Evgeniya Aleksieva – Manager of Quality and Technical Product Management for South-East Europe.*
